

NXT Field Hockey's Caitlin Connell is the Philafieldhockey Attacker of the Week.

Connell, a member of the NXT Field Hockey's U12 Black team, scored multiple goals this weekend including a pair of game-changers.

"Two of Caitlin's goals in particular gave us the energy boost to play a little faster and littler harder in key moments," said NXT Director and Coach Susie Macciocca. "Her first goal in the championship game provided her team a much-needed confidence boost. The goal finished a beautiful passing combo and brought a belief

that putting forth a team effort and playing with speed would help the team win."

Connell is an integral part of the squad's attack, and says Macciocca "shows dedication, commitment and effort in all moments of play."
