

FSC's U16 Green is the Philafieldhockey Team of the Week.

Practice and persistence paid off for FSC's U16 Green. The squad believed in themselves and their preparation, and pulled out a come-from-behind gold-medal finish this past weekend's U16 tournament at XL Sports.

"This team has been getting stronger throughout the season," said FSC Club Director, Michelle Finegan. "After dropping a game early in the tournament, they fought back hard, and turned it around during cross overs to beat the team they lost to earlier by a score of 3-1!"

The gold-medal finish may have come late in the season, but for this team it was ever so sweet and a testament that true champions never back down.
